

BMP Speed Bump

100% recycled rubber
UV resistant

3 year warranty
on rubber

1 year warranty
on tape

May qualify for
L.E.E.D. credits

BMP Speed Bumps help ensure vehicles slow down when driving through parking lots – making it safer for pedestrians and other vehicles.

Our **patented** rubber speed bump (aka BUMPIE™) is created from 100% compounded recycled rubber, which means it will not warp, chip, crack, crumble or corrode.

BMP Speed Bumps are ideal for retail/commercial/business parking lots, parking garages, and municipalities.

BMP Speed Bumps provide structure and adds the final touch of safety and aesthetic to any parking lot or garage.

- Embedded cat-eye reflectors (visible from 1,000 feet)
- Reflective tape – 2, 3, or 4 spots with reflective yellow safety tape
- Channels on the bottom to allow cables underneath
- Easy 1-person installation
- Countersunk holes for a clean installation
- 3-year rubber warranty
- 1-year tape warranty
